Featuring Joseph's Classic Market® Faroe Island Salmon.

Faroe Island Salmon is renowned for its superior quality due to the pristine marine environment and sustainable farming practices. The salmon are raised in large, natural sea pens with strong currents, ensuring high water quality and healthy fish. These farming methods, combined with a strict regulatory framework, result in salmon that is rich in flavor, firm in texture, and free from antibiotics and GMOs.

This dish a visual masterpiece, and tastes absolutely amazing. Grab your ingredients from our shelves, follow along with Joey Fusilli, and try this at home!
